6460 Brand Conventional

2008

6460 is a strong conventional hybrid with a nice flex ear. This hybrid can handle high or low populations and will excel in high yield environments.

Plant Characteristics

Maturity Days	104
Black Layer GDU's	2460
Appearance	Tall, dark green
Plant Height	Tall
Early Season Vigor	8

Ear Characteristics

Ear Type	Flex	Husk Cover	8
Ear Placement	Medium	Retention	8
Kernels	14-18	Shank Length	7
Test Weight	8		

9=Best 1=Worst

Agronomic Characteristics

Root Strength	7	6460 has good roots.
Stalk Strength	8	6460 has above average stalk strength.
Plant Integrity		Very good late season plant integrity.
Population Tolerance	9	6460 has good stalks and roots and a flex ear to handle all populations.
Drought Tolerance	6	

Insect and Disease

Gray Leaf Spot	7
Disease	6460 has an average disease package.
Insects	6460 has average corn borer tolerance.

General

Placement 6460 is a workhorse in average yield environments but can really excel in high yield environments.

Positioning Statement 6460 works best in high yield environments across South Dakota and Minnesota.
